TWO ELIZABETH HIGH SCHOOLS EARN NATIONAL ACCOLADES

EHS, HAMILTON RANKED AMONG NATION'S BEST HIGH SCHOOLS BY U.S. NEWS

Elizabeth High School (EHS) and Alexander Hamilton Preparatory Academy were two of 4,887 schools from throughout the United States to earn national rankings as part of the **2012 U.S. News & World Report** Best High School rankings.

Schools receiving national rankings from U.S. News & World Report were designated with gold, silver, and bronze medals. EHS, ranked No. 139 nationally,

received a gold medal designated for schools ranked one through 500. Hamilton Preparatory Academy, ranked No. 1,421 nationally, received a silver medal designated for schools ranked 501 through 2,008.

U.S. News, along with the American Institutes for Research (AIR), produced the 2012 ranking, which were based on the analysis of 21,776 public high schools in 49 states and the District of Columbia.

**EHS and Hamilton Preparatory Academy
ranked No. 6 and No. 46 respectively in the State of New Jersey**

Elizabeth Public Schools was one of only two non-exclusively vocational school districts to have multiple high schools ranked in the top 50 in New Jersey, joining West Windsor-Plainsboro Regional School District.

Using performance on state proficiency tests, and assessing the degree to which schools prepare students for post-secondary education were criteria which factored into the rankings.

Superintendent Pablo Muñoz commented on the national recognition, “Elizabeth High School and Hamilton Preparatory Academy have taken the lead in helping our district to fulfill its vision of becoming one of the best school systems in America. I am proud of their commitment to excellence and commend them for setting the bar high for the rest of our schools,” said Muñoz.

Elizabeth High School Principal Michael Cummings said, “We are very pleased with the U.S. News and World Report’s recognition of our school as one of the best high schools in America. On behalf of the faculty, students, and parents I would like to thank such an esteemed publication for this honor. It represents a great deal of effort on the part of our students, support from our board of education, and the high standards of our teachers - truly a team effort.”

George Mikros, Principal of Hamilton Preparatory Academy stated, “The appointment of Alexander Hamilton Preparatory Academy to this national list underscores the quality of our teachers, the dedication of our school community and lastly the hard work and dedication of our students, who day-in and day-out prove that we can compete with any school district, no matter what the socio-economic background or challenge we face. Our students are now considered among the nation’s best.”

Two Hamilton Prep Seniors Share Prestigious *Youth of the Year* Award

Two seniors from Alexander Hamilton Preparatory Academy were recognized for responsible leadership in school organizations, and for outstanding community service. Vikas Javed, Valedictorian of Elizabeth Public Schools Class of 2012 shared this prestigious honor with Jatirah Diggs, a successful student athlete.

The two seniors were recognized for their achievements during the *Youth in City Government Day* luncheon on May 22 where each was awarded a plaque. The Youth of the Year selection committee, which includes prominent community leaders, selected Jatirah Diggs and Vikas Javed from a group of exceptional candidates who were nominated by their high school principals.

Both students attributed their successful academic and high school careers to the hard work and the positive influence of their families and Hamilton’s teachers and counselors. Following graduation, Diggs will study Sports Medicine at Kean University, while Javed will begin the Pre-Med program at Rutgers University.

Balance and Motion

Second grade students at **Madison-Monroe School No. 16** did a *Balance and Motion* project. They experimented to learn how different items, depending on their shape and size, roll down a slope. All worked in groups using marbles, cars, and cups. Students were also able to see how some items rolled down more smoothly than others; they further discovered why some items did not roll down completely.

Rutgers University

Eighth grade students at **Christopher Columbus School No. 15** recently visited the Rutgers University campus in New Brunswick. With the guidance of Principal Esperon, Mrs. Aller and the 8th grade teachers, students were given an informative bus tour by current undergraduate students from the university. School No. 15 was eager to view the famous RU Football Stadium, home of the Scarlett Knights, and hear about the various academic opportunities that Rutgers has to offer. Not only did students leave the trip with Rutgers t-shirts and other souvenirs, they also left with the desire to strive to be part of a University one day.

Terence C. Reilly School No. 7 Performing Arts Stars Are Making a Splash on Broadway

Terence C. Reilly School No. 7 performing arts students Kyairaa LeRose-Almeida and Diamonae Boyce will be spending some time this summer on Broadway after successfully auditioning for iTheatrics/Broadway Jr. in New York City.

The students auditioned to be a part of the weeklong “theater camp” taught by Broadway professionals. They will also have a chance to perform in a Broadway Jr. show in New York City. Many of these shows are videotaped and used as instructional choreography DVDs by iTheatrics.

Ms. Festa, the performing arts teacher at Reilly is proud and thrilled with their success, “I hope they continue to study, learn and love the craft of acting.”

First Annual Math Relay

The Winning Team

In their efforts to continue to foster teamwork and school spirit, on April 5, students and team members at **Benjamin Franklin School No. 13** competed in their first annual Math Relay. Under the leadership of 7th & 8th Grade Mathematics Teacher Mr. Simoes and School Nurse Ms. Leib, the math relay was a school-wide competition. Students were divided into 4 teams, which consisted of both lower and upper elementary homerooms. The object of the game was to answer each math question correctly and quickly report to their designated area to meet with the rest of the team. Questions were answered in turn by teams in relay fashion beginning from the 8th grade down to Kindergarten. When the homeroom delegate returned to their homeroom with the correct answer validated, the entire class marched to the gym or playground where they were greeted by cheers from their team.

Excellence Rewarded

On May 4, the April Student of the Month honorees, from **Christopher Columbus School No. 15**, were awarded their certificates. Family members joined Principal Esperon, Mrs. Brito, Ms. Orellana and Mrs. Reynolds to celebrate *Excellence in Academics*.

School 15 scholars from grades K-8 are chosen for this honor based on Academics, attendance, athletics and citizenship. Students strive to do their very best all year long and take pride in celebrating their success with their family and friends.

Nerd Day at School No. 12

As time quickly approached for the New Jersey Assessment of Skills and Knowledge (NJASK), sixth grade students at **Elmora School No. 12** participated in a *NERD DAY* pep rally. The sixth grade teachers came together and prepared a fun and educational day related to the NJASK. All the students, as well as teachers, dressed up as nerds.

They had Jeopardy games, brainteasers, prizes and much more! To wrap up *NERD DAY* teachers had pizza for the students and they were all ready to take on the NJASK!

Moot Court Competition

On April 20th and 21st, Mr. Boruch, Ms. Kang, and ten students from the **Elizabeth High School Upper Academy** attended the National Moot Court Competition held at Princeton University. One of the teams, consisting of Daisy Martinez and Nicole Pinto made it to the semi-finals receiving a 4th place trophy out of 122 high school teams from various states throughout the country. Moreover, Daisy received one of only 9 gavels awarded as one of the best student attorneys in the competition out of a total of 244 competitors. These are truly noteworthy accomplishments and reflect their hard work and outstanding performance over 9 rounds of competition with little time to eat or get a full night's sleep. Mr. Boruch is proud of all the students from EHS who competed demonstrating sincere effort and great passion.

Dressed for Success

It was NJASK on April 24 for the 5th and 6th grade students of **Madison-Monroe School No. 16**. Rather than wearing their school uniforms, students "Dressed for Success."

Students also were asked to write about what they wanted to be when they are older and were asked to dress as if they were going to work. Many students participated in the "Dressed for Success" event.

Top Physical Challenge at School No. 20

A photo collage displayed at **John Marshall School No. 20** says, "We're getting ready for the Top Physical Challenge"...and that is an understatement! Physical Education Teacher Marc Henkel had the John Marshall Tigers in full effect for the New Jersey State Police Top Physical Challenge. Particularly impressive was Coach Henkel's girls doing "boys pushups" in competition! School No. 20 produced two Gold Medal Winners, Lenny Coleman and Jason Miller. This brings the district medal count to 13.

Congratulations to Principal Moseley and Physical Education Teacher Mark Henkel for doing Elizabeth Public Schools proud in exemplifying the belief in strong character, mind and body.

Union County Boy's Singles Tennis Champion

Alexander Hamilton Preparatory Academy Junior Jorge Del Rey is the Union County Boy's Singles Tennis Champion. Not since 1993, nineteen years ago, has an Elizabeth student taken first place to win the event. To accomplish this, Jorge beat the Star Ledger's topped rank student in the county with a score of 6-0 and 6-4.

Jorge would like to become a professional tennis player. "But first there's college. With its focus on attending four year colleges, Hamilton has helped me with that goal." He plans to major in sports medicine in college. "To do anything well requires hard work. That's why I practice tennis every day for a minimum of two hours. And of course, when I'm done there, I go home to study my schoolwork."

What is the formula for his champion level success so far? Jorge is quick to reply, "To be a champion in anything you must practice every day. Also, you must be willing to fight for every point. No matter what the score, you must never be down on yourself or doubt yourself. You have to know that you're a winner. You can't always win the point, but when your approach isn't working, you must plan a new strategy, change your approach."

Alexander Hamilton Academy would like to congratulate Jorge on his winning approach to tennis and school.

At the very least, it was time for Phyllis Taub's fifth graders at **Madison-Monroe School No. 16** to travel to a fourth grade class elsewhere in the building to perform various soliloquies and favorite lines from Shakespeare's Hamlet, Macbeth, and Julius Caesar.

This allowed Mrs. Taub's students to practice their growing rhetorical skills. It also allowed them to show off their artistic talents by using their very own handmade Shakespeare puppets for the performance! Students enjoyed discussing the way English had changed over time and how language need not remain static; it tends to change very quickly. Tomorrow and tomorrow and tomorrow... all our days are filled with learning.

500 EPS Students Attend NY Liberty Game to Help Stamp Out Bullying!

Members of the WNBA, The New York Liberty, hosted their annual School Day event on May 14. Five hundred Elizabeth Public School students and 50 team members were on hand at the Prudential Center in Newark to be part of the action.

The theme of this year's event focused on anti-bullying. Ms. Eunice Y. Couselo, the district's Anti-Bullying Coordinator, worked with the district and representatives from the Liberty team to arrange for students to be part of this experience. "This wasn't a matter of taking children to watch a basketball game. This was a way of involving students in one of the various efforts around the state that brings awareness to the issue of bullying and empowers kids," said Ms. Couselo.

In their school uniforms, EPS made quite an impression – almost three entire sections of the stadium were filled with students. Twenty-four schools each chose approximately twenty-one students to attend. Many were chosen as a reward for attendance, grades, or conduct. The students, from grades four through eight, proved that you can have a great time while still exhibiting exemplary behavior! Equipped with home-made signs, noisemakers, wrist bands and district anti-bullying buttons, students rousing cheered-on the Liberty players despite a huge lead by the Chicago Skye. Students listened attentively to the half-time anti-bullying presentation, and received yet another message that supports our Pledge of Ethics – treat others as they wish to be treated.

The trip proved to be both enjoyable and educational, and the children made it back to school for their afternoon classes. The Anti-Bullying Office will continue to offer students and team members a wide range of opportunities to stamp out bullying!

Students set up the mathematics to determine whether the ice cream business would be successful, then decided what they could do to increase profits, or decrease expenses. The students used what they learned throughout the year and related it to a potential business situation. Students celebrated this success during an ice cream social.
